

# Gas Powered Air Compressors

## Thomas Renegade® Pro-Series Gas Powered Air Compressors

Renegade Pro-Series air compressors are designed for maintenance-free operation with no belts, belt guards or pulleys. This makes these units ideal for continuous operation on remote, heavy-duty job site applications.

### FEATURES

- **Designed for Maintenance-free operation** with no belts, belt guards or pulleys, which also means less vulnerability to job site damage.
- **Perma-lube™ oil-less design** for maintenance-free operation and quick cold weather starts.
- **Longer Life** – With the patented LifeGuard™ dirt deflector that keeps job site dust and grit out of the compressor, the Renegade® will perform year after year
- **Honda 4 hp GX120 OHV Engine and Honda 5.5 hp GX160 OHV Engine**
  - Cast iron cylinder sleeve extends life of engine
  - Electronic ignition
  - High performance overhead valve design for added power and high efficiency
  - Low oil shut-down
  - Large muffler for quiet operation
  - Two year engine warranty
  - Large gas tank for increased fuel capacity and longer run time
  - Easy start operation
  - 2-stage air cleaner
  - Fuel shut-off valve
